MORE THAN A SPONSORSHIP

We believe the strongest communities are built by people who are willing to invest in them.

Every day, local businesses make a difference in Washington and Beaufort County—not only through the products and services they provide, but through the people they employ, the families they support, and the ways they show up for their community. When you sponsor the Washington-Beaufort County Chamber of Commerce, you become part of that effort.

Your support helps make our events, programs, and initiatives possible while creating opportunities for local businesses to connect, learn, grow, and celebrate one another.

We also want your sponsorship to be meaningful for your business. We are proud to recognize and promote the businesses that stand behind the Chamber through events, social media, newsletters, signage, and other opportunities that connect you with the people who live, work, visit, and invest here. Most importantly, sponsorship gives us another opportunity to know your business, tell your story, and help build relationships that make doing business in our community special.

Your investment helps create a stronger Chamber, a stronger business community, and a stronger place for all of us.
Thank you for considering being part of it. We are grateful to have you with us.
