

Program of Work

Teamwork is the core of any business or organization. A unified inclusive voice of a team is stronger than any single voice. This is no different in regards to the Washington/Beaufort County Chamber of Commerce. During this coming year it is imperative that we work together to embrace the current economic environment and find ways to ensure the success of Chamber members. We must speak up about the needs of the business community and work together for the future of Beaufort County.

The Washington/Beaufort County Chamber of Commerce is committed to:

- Listening to our members and putting their needs first
- Strengthening the business environment
- Providing Leadership to the Beaufort County Community
- Improving the quality of life for people who chose to live and work in Beaufort County
- Providing excellent member benefits
- Producing high quality events to benefit our region
- Continuing partnership with organizations, benefiting from inclusiveness
- Encouraging entrepreneurialism and be a resource and voice for new business
- Providing opportunities for continuing education
