Leadership Beaufort 2022-2023

Our Leadership Beaufort Group kicked off on September 20, 2022. The group underwent personality testing led by Pam Pippin of Pippin Resource Group to help with leadership skills. They also have learned about Beaufort County and the City of Washington Governments. They have heard from small business owners on what it takes to run a small business, the Washington Harbor District Alliance, Washington Tourism Development Authority, and Arts of the Pamlico. We kick off 2023 with non-profit day where they will learn about the non-profits in our area.

B2B - Business to Business

The Washington-Beaufort County Chamber B2B is a unique opportunity to get to know fellow members and build a strong business referral network.

B2Bs are held at King Chicken from 12pm -1pm. Our next two are scheduled for February 12th and April 19th. Look for invitations in the weekly Chambergram, on Facebook, and on the Chamber website.

Capelli's Celebration

Capelli's Salon held a celebration for their remodel and 18 years of being in business. They served a delicious catered lunch and had gift bags for all who attended. Congratulations Capelli Salon and Lisa Gargaro!

Did you know...

The Washington - Beaufort County Chamber of Commerce sponsors a group called Washington Young Professionals. Their mission is to provide young individuals with opportunities to develop professionally, cultivate relationships, and socialize in the Washington community. Check out our website or Facebook for more information.

Did you know...

Beaufort County Bright Futures is a program of The Washington - Beaufort County Chamber of Commerce Foundation. The mission of Bright Futures is to help meet the basic needs of students in the Beaufort County School System. To help with need requests please follow us on Facebook and Instagram. We also partner businesses and churches with schools to help with some of their longer term needs. Please contact the Chamber if you would like more information on these partnerships.
